Parking Lot Pedestrian Safety

Directions: Choose the safest action for each parking-lot situation.

1. You walk behind a car with bright reverse lights on.

- ☐ Stop and let the car finish backing up.
- ☐ Keep walking quickly behind it.
- ☐ Look at your phone and keep going.

2. You need to cross a busy parking lot after shopping.

- ☐ Use the marked walkway and keep watching cars.
- ☐ Cut between moving cars.
- ☐ Run straight through the middle.

3. A driver waves, but you are not sure they see everyone nearby.

- ☐ Make sure the car fully stops before walking.
- ☐ Trust the wave and walk without looking.
- ☐ Step into the lane backward.

4. You are carrying bags that block your view.

- ☐ Move the bags so you can see clearly.
- ☐ Keep them stacked in front of your face.
- ☐ Drop one and chase it into traffic.
