Safe Rideshare Pickup Choices

Directions: Choose the safest action for each rideshare situation.

1. A car arrives, but the driver name does not match your app.

- ☐ Do not get in. Check the app and wait for the correct driver.
- ☐ Get in fast anyway.
- ☐ Ask the driver to guess your name.

2. Your app says to meet at the front entrance under the bright sign.

- ☐ Go to the bright public pickup spot.
- ☐ Walk to a dark side alley alone.
- ☐ Turn your phone off and wander around.

3. The license plate matches, but you are unsure.

- ☐ Ask the driver who they are picking up before entering.
- ☐ Never check anything else.
- ☐ Get in without looking at the app again.

4. A stranger says your ride is over here, away from other people.

- ☐ Stay in the public pickup area and use the app only.
- ☐ Follow the stranger right away.
- ☐ Leave your bag and run across traffic.
