Debit Card Balance Check at the Pharmacy

Directions: Use the debit balance and item prices to answer each question.

Card Balance

Starting Balance	\$18.00
Goal	Pay for needed items first
Checkout Type	Debit card
Reminder	Keep at least \$1.00 left on the card

Item	Price	Buy Now?
Prescription pickup	\$12.00	Yes
Toothpaste	\$3.50	Yes
Cold drink	\$2.75	Maybe later
Lip balm	\$4.25	Only if money is left

1. Can the learner buy the prescription and toothpaste together?

2. How much do the prescription and toothpaste cost together?

3. After buying those two items, how much money is left?

4. Should the learner also buy the lip balm today?
