Count Supply Tallies - Level 2

Level 2: count groups and find a shortfall

A club counts supplies with tally marks. Each vertical mark means one item. A bracketed group [|||||] means five items. The club needs 10 pencils.

Pencils	[|||||] |||
Erasers	[|||||]	
Notebooks	||||
Pencil target	10 pencils altogether

Read the information. Write, say, point to, or dictate your answers. A calculator may be used.

1. How many pencils are recorded?

2. How many erasers are recorded?

3. How many more pencils are needed to reach 10?

4. Write the total number of erasers and notebooks.
