Public Wi-Fi Safety Choices

Directions: Choose the safest action for each Wi-Fi situation.

1. A network name looks strange and asks for extra personal details.

- ☐ Do not join and ask staff which network is correct.
- ☐ Type in every detail it asks for.
- ☐ Pick it because the name sounds fun.

2. You need to log into your bank account on public Wi-Fi.

- ☐ Wait for a safer private connection if possible.
- ☐ Log in quickly and share the password with a friend.
- ☐ Turn off the screen lock first.

3. A pop-up says you won a prize right after joining Wi-Fi.

- ☐ Close it and do not enter personal information.
- ☐ Click it and add your card number.
- ☐ Forward it to everyone in your contacts.

4. You finish using the shared connection at the library.

- ☐ Log out of accounts before leaving.
- ☐ Leave every account open.
- ☐ Save passwords on any computer you use.
